

CURRICULUM VITÆ

ANTHONY ORLANDO

“Dr. Anthony Orlando is a highly experienced podiatric surgeon with over 30 years of clinical practice, renowned for his comprehensive expertise in foot and ankle surgery.”

Podiatric Surgeon

Diplomate of the American Board of Foot and Ankle Surgeons

Expert Witness

1. BIOGRAPHY

Dr. Anthony Orlando is a highly experienced podiatric surgeon based in Queens, NY, with over 30 years of clinical practice. Renowned for his comprehensive expertise in foot and ankle surgery, Dr. Orlando is also distinguished for his emphasis on non-surgical treatment options. His deep understanding of the complexities of podiatric medicine makes him an asset to LISKE as an expert witness in a wide array of liability cases.

Dr. Orlando's practice focuses on preventive and reparative foot care, addressing a wide range of pedal pathologies, including: Diabetic foot care focusing on early intervention in disease progression, Ingrown toenails, Warts, Bunions, Gait abnormalities, Heel pain, Fungal toenails, Fractures, Sprains, and Various foot and ankle problems.

Dr. Orlando is well-equipped to serve as an expert witness in liability and damages cases due to his extensive clinical experience, his role in training surgical residents, and his deep involvement in policy development and quality assurance through various consulting roles. His comprehensive knowledge of podiatric medical standards and his ability to communicate complex medical information clearly and effectively make him an ideal expert witness.
